LAKE STEAMERS ON FIRE.

Unknown Vessels Burned to the Water's Edge Off Toledo—Tug Boats Sent to the Relief.

TOLEDO, O., Sept. 20.—Two large steamers anchored on Lake Erie, about three miles from land, were a mass of flames at 2 a. m. Tuesday. They have been blowing distress signals for half an hour and are apparently burning to the water's edge. As they have not cleared from port their names or number of crews can not be ascertained. The watchman at the nearest point reports that the boats were Toledo-bound and are doubtless large freight barge and consort. They have burned to the water's edge. A relief party has been sent out from the city and fast tugs equipped for an emergency. Several hours will elapse before definite news can be obtained.

ODD FELLOWS' STATISTICS.

Grand Secretary's Report Showing the Number of Lodges and Membership Also, Amount of Relief Paid.

BOSTON, Sept. 20.—At Monday's session of the Sovereign Grand Lodge I. O. O. F., Grand Secretary J. Frank Grand presented a voluminous report covering a vast amount of detail of interest solely to the members of the order.

The following statistics show the standing of the order December 31, 1897:

Grand lodges, 55; subordinate lodges, 11,229; Rebekah lodges, 4,976; grand encampments, 51; subordinate encampments, 2,633; subordinate lodges' initiations, 59,530; subordinate lodge members, 814,339; encampments members, 127,691; Rebekah members, 297,691; relief by lodges, \$3,047,255; relief

TO GO TO MANILA

Five Regiments Have Received Orders to Leave San Francisco.

The Order is in Accordance With the General Plan of the War Department Regarding a Garrison of 20,000 Men for the Philippines.

WASHINGTON, Sept. 20.—Five regiments now at San Francisco have been ordered to Manila. Arrangements for their transportation will be made at once.

The regiments ordered are the following: Thirty-first Iowa, 40th Kansas, 1st Tennessee, 1st Washington and a detachment of the 2d Oregon.

It was stated at the war department that no exigency had arisen which made it necessary to send the troops now at San Francisco to Manila, but the order issued Monday was in accordance with the general plan of the department regarding a garrison for the Philippines. That plan of garrison duty included 20,000 men for the Philippines, 12,500 for Porto Rico, and 60,000 for Cuba. The troops to be sent to Manila under Monday's order will fill the complement for that station.

Troops would have been sent before, it was said, except that the department was awaiting the return of transports. It is not expected that troops now at Honolulu will accompany those to be embarked at San Francisco, but that more troops will be sent to Honolulu in the near future.

SAN FRANCISCO, Sept. 20.—The news received from Washington Monday to the effect that five regiments encamped in this city had been ordered to Manila created much excitement.

VERY DESTRUCTIVE BLAZE.

Robinson, Cherry & Co.'s, Washington, Burned Out—Adjacent Property Damaged—Loss, \$200,000.

WASHINGTON, Sept. 20.—At midnight fire was discovered in the seven-story brick and steel building on the southwest corner of Twelfth and F streets, occupied by Robinson, Cherry & Co., clothiers and outfitters. Half an hour later the walls fell, completely demolishing small buildings on both the Twelfth and F street sides of the burned structure. J. Louis Loose's building on the southeast corner of Twelfth and F, was badly damaged. The Twelfth street side of the Columbia theater, which was opened for the season Monday night, was damaged by both fire and water. Other property in the vicinity also was damaged. Robinson, Cherry & Co.'s loss on stock is probably \$75,000. Loss on the building about \$45,000. J. Wardfield Simpson, tailor, lost his entire stock. No intelligent estimate can be placed on other losses, but the whole will aggregate nearly \$200,000.

GEN. AGUINALDO'S DENIAL.

The Stories of Bad Conduct by the Insurgents Towards Americans Are Malicious Fabrications Says He.

NEW YORK, Sept. 20.—The following dispatch has been received at the office here of the Associated Press:

MANILA, Philippine Islands, Sept. 20.—The Filipino government desires to inform the American government, and people that the many rumors circulated regarding the strained relations between the Filipino and American forces are base, malicious slanders of the enemy to both

MORE SOLDIERS FOR CUBA.

Army of 40,000 in Be Sent for the Purpose of Garrisoning Cuban Towns—Half of Them Will Be Volunteers.

WASHINGTON, Sept. 20.—The organizations which are to comprise the Cuban garrison have not all been designated yet but it is assured that at least half of them will be volunteers.

Within two weeks orders will be issued for the movement to Cuba of the first 10,000 of the permanent garrison and it is the expectation now that they will sail from the United States about October 10. These troops will be followed quickly by others, until the entire force of 40,000 has been established on the island.

It is not the intention of the administration to await the evacuation of the island by the Spanish forces, before sending United States troops to Cuba, as the indications now are that it may be several months before the Cuban commissioners complete their work. Quite naturally, a considerable number of Spanish troops will remain on the island until the arrangements for the relinquishment of Spanish sovereignty over it formally have been concluded.

The rainy season in Cuba is nearly at an end and the most delightful season of the year on the island is about to begin. During the late fall and winter months the climate in Cuba is not only enjoyable, but healthful and with such care as will be taken for the health and comfort of the American forces to be stationed in Cuba officials of the war department have no fear that serious illness among the men will follow the occupation of the island.

A PITCHED BATTLE FOUGHT

Slones, Slungshots and Bludgeons Used by Union and Non-Union Men—No One Seriously Hurt.

CLEVELAND, O., Sept. 20.—As the result of an attempt of a party of 25 non-union men to enter the works of the American Wire Co. Monday, where a strike has been on for some time past, a pitched battle took place between the strikers and the non-union workmen. Clubs, stones and slungshots were freely used, and, while no one was seriously injured, a number of men were severely bruised or cut. It is alleged that the trouble was started by a non-union man throwing pepper into the eyes of a striker who was endeavoring to prevent the former from entering the works. The strikers closed in and for a few minutes there was a mass of struggling and fighting men. At the approach of the police the rioters dispersed. Only one arrest was made. The non-union men did not get in the works.

MRS. JEFFERSON DAVIS ILL.

Remains of Her Daughter Will Be Conveyed to Richmond, Va., Where Services Will Be Held Friday.

NARRAGANSETT PIER, R. I., Sept. 20.—Late Monday afternoon the physicians in attendance on Mrs. Davis reported that her condition was about the same. She is yet too ill to be able to read the messages of condolence that are arriving from all parts of the country. On Wednesday afternoon the remains of Winifred Davis will be removed to the parlors of the Rockingham hotel, where they may be viewed by friends. The funeral services will be held at Richmond, Va., on Friday.

Sale of the Wheeling & Lake Erie Road. TOLEDO, O., Sept. 20.—The Wheeling & Lake Erie railroad will be sold not later than November. A decree will be asked for at the present term of court and there will be no opposition.

The reorganization committee has given this out and says no trouble is being had to gather in the assessments. The receiver will be discharged early in January.

Appointed by the President. WASHINGTON, Sept. 20.—The following appointments were announced by the president Monday: George H. Pickrell, of Ohio, to be consul at St. Michaels; Fred Page Tustin, of Oregon, to be commissioner for the district of Alaska, to reside at Wrangle; Thomas Ling, interpreter to the United States consulate at Fuchan, China.

Steamer Colorado Stranded. Houghton, Mich., Sept. 20.—The steamer Colorado, bound down Lake Superior with flour, is stranded on a reef off Eagle harbor. Tugs have been sent for the release of the steamer, if possible. The Colorado is valued at \$60,000. The place where she struck is one of the most dangerous on the lakes.

Col. Stodabaker Stricken With Fever. SOUTH BEND, Ind., Sept. 20.—Col. George Stodabaker, of the 157th Indiana regiment, is stricken with malarial fever.

Attempt to Poison Aguinaldo.

MANILA, P. I., Sept. 20.—The Republica Filipina asserts that an attempt was made to poison Aguinaldo on Friday night. The bulletin announcing the decision of the department at Washington said that arrangements for the transportation of the troops were in progress. A call on the Merchants' exchange elicited the information that the only vessel available for transportation purposes, not already otherwise engaged, is the steamer Centennial, and she has been rejected by the government on two occasions.

WASHINGTON, Sept. 20.—The war department Monday afternoon amended the orders relative to the dispatch of reinforcements to the Philippines so as to increase the number by 1,161 privates and 36 officers. These are made up of four companies of the 25th Infantry and recruits for the 10th Pennsylvania, 1st Nebraska and 1st Colorado. These troops made up the expedition under Gen. King which recently left San Francisco on the Arizona for the Philippines but was stopped by the department's orders when two days out and returned to port.

The relations of our people and yours have been, and will continue to be, of the most friendly nature, and we have withdrawn our forces from the suburbs of Manila as an additional evidence of our confidence in the great American republic.

WASHINGTON, Sept. 20.—The Associated Press dispatch, conveying Aguinaldo's message to the American people was regarded with much interest at the white house. The president read the statement with evident appreciation of its importance, but did not volunteer any information as to the attitude of this government. Officials very near him spoke of the message as "a very important document."

A Critical Time.

During the Battle of Santiago

Sick or Well, A Rush Night and Day.

The Packers at the Battle of Santiago de Cuba were all heroes. Their heroic efforts in getting Ammunition and Rations to the Front Saved the day.

P. R. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we are able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had not been able to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by M. C. & D. N. Williams, Mt. Vernon, Ky.

A CHICKAMAUGA RYME.

The Twenty-first was
Dear Bill's friend, I'll undertake
The very pleasant work
Of describing the Kansas Regiment
In Chickamauga Park.

First I'll name the officers.
The Colonel and his staff.
And when I have a chance I'll
Speak a word in their behalf.

Our Colonel's name is Thos Fitch;
He was a soldier true.
One who'd give his very life
For the red, white and blue.

Then Chas Crum a warrior brave,
Is our lieutenant and chief.
He comes to see the Spaniards
To their destiny eternal.

And Harry Smith, a West Point
"Boy," is major number one;
He is a true born soldier
And inferior to none.

The boys say he is cranky,
And I will tell you why.
When Harry gives an order
The boys must all comply.

He is handsome, well built man,
Very straight and tall.
And his fine soldierly bearing
Commands the respect of all.

We have another major
To make the boys stand 'round,
He, also, is a worthy man,
His name is Willis Brown.

Our adjutant, Henry Parker,
Is a very pleasant man,
Who understands his business
And understands it well.

Fred Turner and Tom Biddle,
Are our assistant surgeons' names,
They're very able surgeons
And worthy of their fame.

And the chaplain Wm Woodward
Is a true child of the Lord,
And rejoices in expounding
His great and glorious word.

And now the company officers,
The captain is Roy Marr.
As good as any in the field,
And a better one by far.

Than many I chance to meet
And we are proud of him,
We all admire his bearing,
His courage and his vim.

And First Lieutenant Lester,
Is another able man,
One who to help the boys along,
Does everything he can.

And little C. N. Hamilton
Is a brave young man and true;
He seems well fitted for the place
He's lieutenant number two.

Arthur Boyd is first sergeant,
He is a Russell bird;
Bascom, of Ellis, is second,
And Geo. Gebhart is third.

The fourth is C. L. Hamilton
Who drilled the new recruit,
The fifth is F. A. Schwallier
Firm and resolute.

The corporals are Guy L. Hoover
Fred Paul and H. H. Jones,
Levick, Coffey and Bremner,
Miller, Pearl and Mines.

Friends, I shall not take the time
The privates now to name,
But the privates, I will tell you,
Are down here just the same.

We have to do the work you know
And have to do it well,
For if we fail to do our best
The corporals will run and tell.

The boys are in good spirits
And ready for a fight.
They think of fighting every day
And dream of it at night.

They want to go to Cuba
And go there right away,
They would all be glad
To leave this Park today.

And I am with the rest of them:
Of course, I'd like to go,
Not to fight the Spaniards,
But to "sail the deep" you know.

And when the war is over
We boys will all come home,
And am sure you'll be surprised
To see us when we come.

We'll wear our navy blue shirts
Also our army shoes,
We'll all be carrying knapsacks,
And all be dressed in blue.

And each kind, loving mother
Will embrace her soldier boy,
And each dear, patient sweetheart
Will meet her bean with joy.

We call attention of the Town Board to the patent medicine and other vendors of goods that come here on Court days and sell their merchandise. These men take lots of money out of this town and leave the pitiful sum of one dollar for the privilege of doing business on our streets. Last term of court one party alone, took over \$200 out of the town, and that all clear profits nearly. We should protect our merchants, who live here and pay taxes to pay the expenses of running the town. The licenses on these medicine vendors should be not less than \$10, and all other stuffs from \$2.50 to \$5.00. Let's protect the merchants from these intruders.

PONCE, PORTO, RICO, Sept. 4.
Editor Signal

I will give you a little of the life in Porto Rico. To say the least to be a mule belonging to a Mississippian would be an improvement on a soldier's life here. We went ashore at Mayaguez, Aug. 12, and stayed in the dock until Sunday, Aug. 14. On that day we took possession of the Garrison and was fine place: we found enough clothing for a regiment, but out side of many relics, they were of no use to us, and we burned them up. We found plenty of cots, enough for every man to have one and plenty left. On the 16th we commenced scouting and kept that up until on Aug. 30, the day we arrived at Ponce. We captured many prisoners but had fighting from the 26th to the 30th. We went through enough to kill the stoutest man in America. We left Mayaguez, Aug. 26th and went to Saugerman, Siviui Yoco and several other towns on our route. The distance was 8 1/2 miles, and after the first half day, it commenced raining and it rained day and night the rest of our march. We had creeks and rivers to cross in endless numbers, no bridges or other means of crossing except to wade or swim. The Saugerman river was the most dangerous of any, we had three men drowned and lost one wagon and contents. One of the men was a volunteer by the name of Brooks and lived in Louisville. The other two were natives. We lost about 150 guns in crossing. The water was very swift and we made the crossing by means of a rope stretched across the river which made an improvised boom, and when we got into the river the current would whirl us a distance of about a hundred yards like you were shot out of a gun. Our wagons were not able to keep up with us and some nights we had to sleep on the ground without tents, cover or food and nothing but our guns for a pillow and it raining all the time. Here at midnight you get very cold and at noon the heat is intense. After you get a few miles from the shore and get in the mountains it rains all the time. Porto Rico is nothing but a range of mountains, no level land, even the city of San German, a place of 25,000, is built on the sides of mountains. The old Mt. Vernon hill is a small hill compared with Porto Rico. The products consist of fruits, nuts, coffee, sugar, &c. No apples or peaches grow here; it is bananas, pine apples, mangoes and coconuts in abundance. The scenery is beautiful to behold. The natives all speak the Spanish language and you cannot learn anything from them. We are now in camp at Ponce about three miles from shore on a beautiful plain surrounded entirely by mountains. We are just at the foot of the mountain. We do not know when we will leave here nor where we will go. We have lost three men since our arrival in the island and one third of the Regiment is not able for duty. I have been confined three days, but am better to-day, and I think by to-morrow will be out. Ponce is a nice city for Porto Rico much of the city is built on modern style: population 23,000. Give my regards to all, especially the Old Spout Spring, a drink from it now, would be sweet.
M. F. BRINKLEY.
